

Pioneer High School

School Land Trust Committee Meeting

2/3/2016

Attending

Josh Hargrove

Angie Hansen

Shari Bradley

Chris Bradford

Review of last year's allocations

\$26,000 dispersed to PHS.

Goal 1 - \$12,000 allocated to put in UVU room. The charter goal was that 85% of kids will take higher ed classes while @ pioneer. Done met goal. \$10,000 expended.

Goal 2 – 90% efficiency in language arts

Goal 3 - \$11,000 to equip academic classes. Not happened. Class equipment such as supplies, textbooks, ALEKS (software) some was purchased. But some was not.

Proposal to spend \$10,000 on Chrome books – the Equipment clause plan for the rest of the money.

How much money will we be allocated this next year? Shari will call.

Discussion about what is truly approved for expenditures of funds. Can be used for training, tutors, and salaries for tutors and materials for classrooms

Next Year Plan 2015-2016

ALEKS – software for math and science, class materials, textbooks, another set of chrome books, net books for language arts.

Discussion about college textbooks purchased for the UVU room? Probably no because the books change every semester.

Estimated this year. \$18,000?

Science equipment would be a great purchase. Most chemistry equip being used is borrowed from Aristotle.

Consensus that the money should focus on math and science education. They are the critical academic need areas.

Plan due either March 9 to submit to land trust approval at the board meeting

Next meeting Thursday February 18 5:30-6 pm for finalization of the plan.

Meeting adjourned.
